COUNTDOWN SWEEPSTAKES

WIN BIG! WITH THE ULTIMATE YEAR-LONG GIVEAWAY!

Enter for a chance to win our monthly JET Tools Anniversary Sweepstakes and automatically be entered to win our year ending Ultimate Work Shop Grand Prize.

Sweepstakes ends December 31, 2008.

ENTER NOW GO TO WWW.JETTOOLS.COM/ENTERNOW

STILL INTO HEAVY LIFTING

JET was born in 1958 when the founder of the company took the first Boeing Jet airplane from Seattle, Washington to Japan.

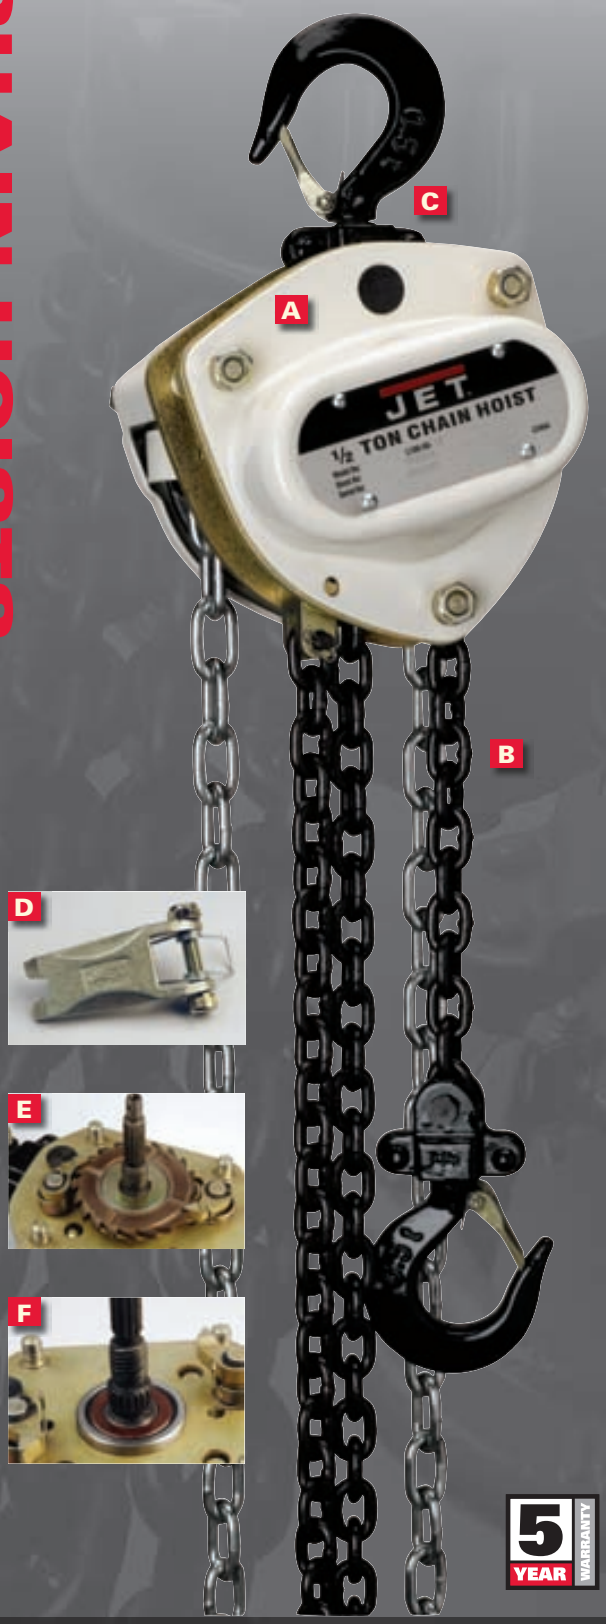
JET began as a small dealer of air hoists and trolleys; sold out of a single hardware store in Seattle, Washington.

From a single store front, to thousands of dealers across the US, JET has grown and evolved with the times.

Our colors have gone from green, to orange, and now to our instantly recognizable trademark JET white. Our product line has grown, and our distribution centers have expanded. Through it all, JET still maintains the same message of quality, service, and innovation that we were founded on.

We pride ourselves on bringing new products to our consumers, and working with world class distributors. Please join us in celebrating this milestone and remember; when you want the best product for the right price, think JET.

CHAIN HOISTS



5 YEAR WARRANTY

A. Optional Overload Protection
B. 100 Grade Chain
C. Hook Swivels 360°
D. Cast Safety Latches
E. Fused Brake Discs
F. Caged Needle Bearing Supported Drive Pinion

FEATURES

- Full range capacity 1/2 to 10 tons
- All steel construction with a durable powder coat finish
- Patented fused brake discs offer longer life and ease or replacement
- Sealed ball bearing supported load sheave
- Lightweight, compact design for low headroom applications
- Triple-spur gears provide high efficiency with minimum effort
- Heat treated and hardened 100 grade load chain
- Smooth rolled edge on hand chain cover prevents side pull jamming
- Dropped forged alloy steel safety hooks feature wide throats for ease of rigging
- Sealed ball bearing supported load sheave
- Models with slip clutch overload protection available
- Drive pinion supported on both ends with sealed ball bearings
- Cast safety latches
- Complies with OSHA, ANSI/ASME B30.16 and HST-2 standards
- Custom lifts available in all capacities

DIMENSIONS

Model	A	B	C	D	E	F
1/2 T	161	158	53	31	27	35-1/2
1 T	161	162	53	31	29	42-1/2
1-1/2T	182	171	64	36	34	57-1/2
2 T	202	182	64	36	36	50
3 T	235	171	106	44	42-1/2	56
5 T	282	192	133	66	46-1/2	63
10 T	438	192	254	99	72-1/2	85

⚠WARNING

- Always provide an adequate safety factor to handle rated load plus weight of equipment
- Do not use for lifting, supporting, transporting people, or lifting or supporting loads of people
- Before installation read and understand owners manual
- Not for use in an explosive environment

CHAIN HOISTS

FEATURES

- Full range capacity 1/2 to 10 tons
- Economical hand chain hoist designed for years of trouble-free service
- Standard features found only in higher priced models
- 10', 15', 20' and 30' lifts standard, custom length lifts available
- All steel construction with a durable powder coat finish
- Lightweight, compact design for low headroom applications
- Available with slip clutch style overload protection
- Needle bearing supported load sheave for smooth operation
- Completely enclosed Weston type automatic brake system for precise load spotting
- Triple-spur gears provide high efficiency ratio with minimum effort
- Induction hardened grade 80 load chain
- Drop forged hooks with heavy-duty safety latches swivel 360° for easy rigging
- Smooth rolled edge on hand chain cover prevents side pull jamming
- Standard hand chain drop equals lift length
- Proof tested with test certificate
- Complies with OSHA, ANSI/ASME B30.16 and HST-2 standards

CHAIN HOISTS

FEATURES

- Full range capacity 1/2 to 60* tons
- Compact and portable for ease of positioning material
- Engineered for commercial and industrial lifting applications
- 10', 15', 20' and 30' lifts standard, custom length lifts available
- All steel construction with a durable powder coat finish
- Lightweight, compact design for low headroom applications
- Completely enclosed Weston type automatic brake system for positive load spotting
- Triple-spur gears provide high efficiency with minimum effort
- Heat treated and hardened grade 80 load chain
- Smooth rolled edge on hand chain cover prevents side pull jamming
- Wide throat drop forged safety hooks for easier rigging
- Standard hand chain drop equals lift length
- Proof tested with test certificate
- Complies with OSHA, ANSI/ASME B30.16 and HST-2 standards

*15T–60T Special order only

LEVER HOISTS

5 YEAR WARRANTY

FEATURES

- All steel construction with a durable powder coat finish
- High strength to weight ratio
- Completely enclosed Weston type automatic brake system holds load in any position
- Easy-to-use with single hand operation and control
- Simple design makes routine inspection and maintenance easy
- Optional point hooks make this tool indispensable in shipbuilding and fabricating applications
- Freewheeling feature without load for quick load attachment
- Models with slip clutch style overload protection available
- Hardened grade 80 low wear chain
- Drop forged hooks with heavy-duty safety latches swivel 360° for easy rigging
- Proof tested with test certificate
- Complies with OSHA, ANSI/ASME B30.21 and HST-3 standards

DIMENSIONS

Model	A	B	C	D	E	H
1/4 Ton	9-1/8	3-1/2	2-3/4	3/4	2-3/4	7/8
1/2 Ton	11-7/8	4-5/16	4-13/16	1-3/16	3-1/8	1-3/8
3/4 Ton	12-7/16	5-3/4	4-15/16	2-3/8	3-7/16	1-7/16

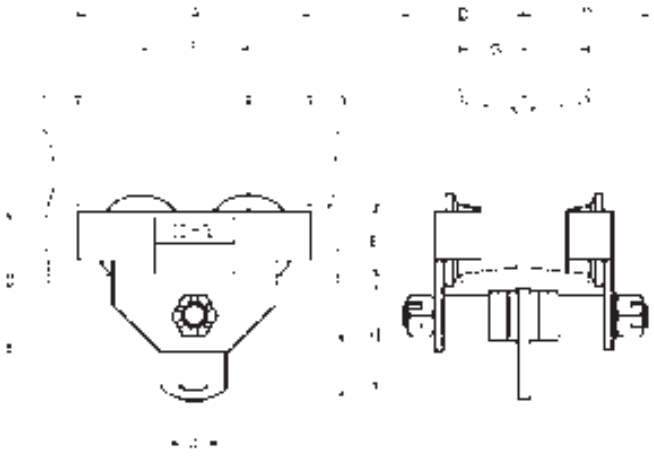
HDT SERIES HEAVY-DUTY & PT SERIES INDUSTRIAL-DUTY PLAIN TROLLEYS

JET

PLAIN TROLLEYS



HDT SERIES HEAVY-DUTY PLAIN TROLLEY FEATURES

- 1/2-ton through 5-ton capacities
- Multiple spacer washers make bame flange wide adjustment quick and easy
- Hardened wheels with lubricated for life, double sealed ball bearings
- For use with wide-flange H-beams, standard I beams or curved track
- Proof tested with test certificate
- Complies with OSHA, ANSI/ASME B30.11 and B30.17 standards

PT SERIES INDUSTRIAL-DUTY PLAIN TROLLEY FEATURES

- Designed for low maintenance and trouble free operation through a wide range of beams
- 1/2 ton to 10 ton capacities
- For use with wide flange H-beams, standard I-beams, or curved track
- Multiple spacer washers make beam flange width adjustment quick and easy
- Rugged steel side plates feature built in bumper guards
- Hardened wheels with lubricated for life, double sealed ball bearings
- Proof tested with test certificate
- Complies with OSHA, ANSI/ASME B30.11 and B30.17 standards

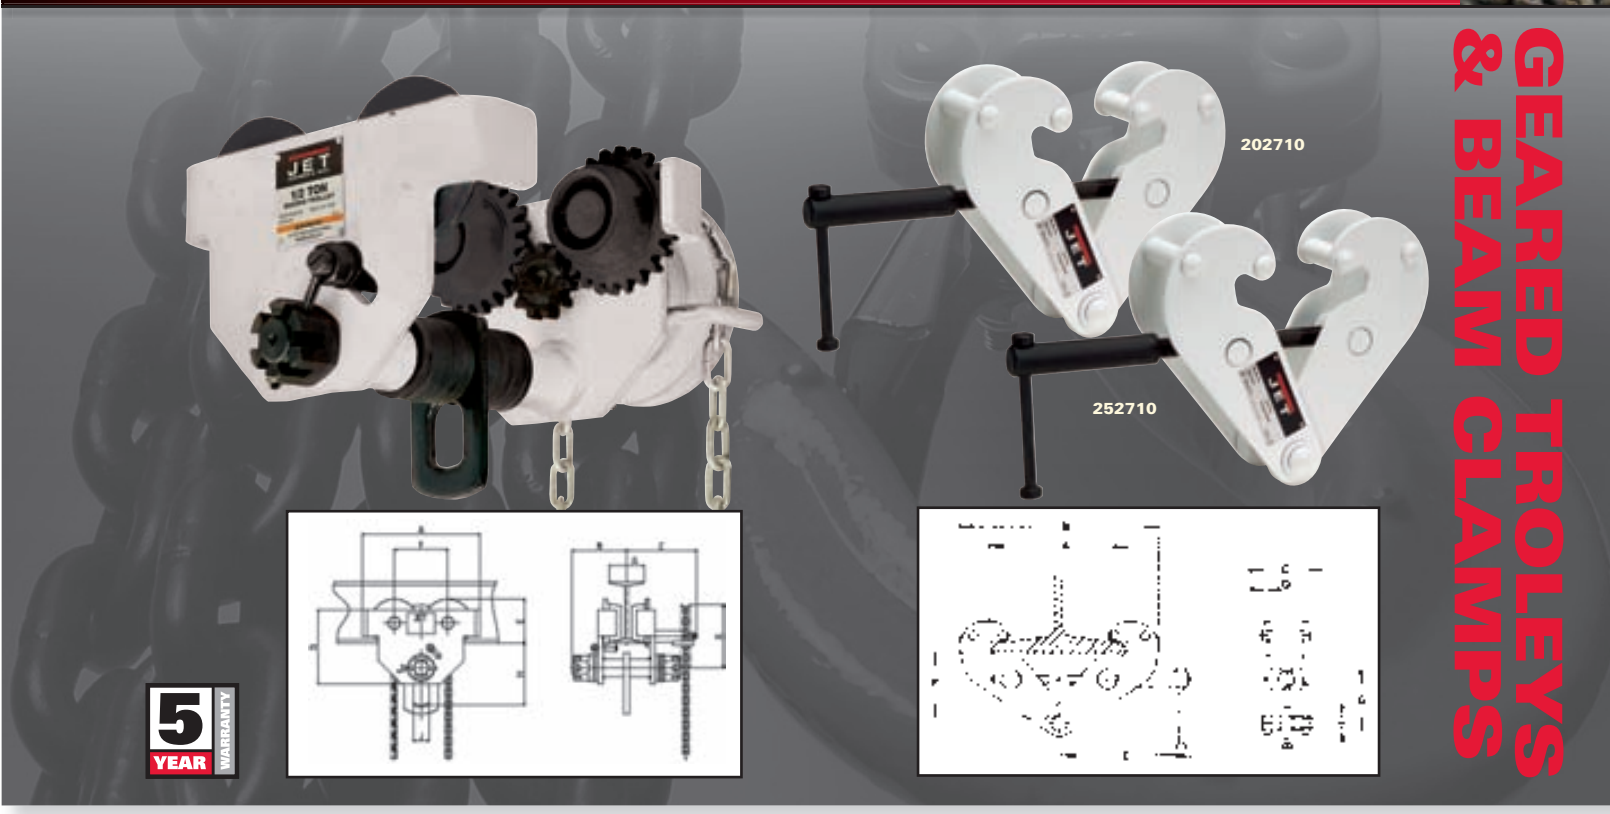
GT TROLLEYS, HBC HD BEAM & JBC INDUSTRIAL DUTY BEAM CLAMPS



GEARED TROLLEYS & BEAM CLAMPS

GT SERIES INDUSTRIAL-DUTY GEARED TROLLEYS

- Hand chain gear system provides precision load spotting through a wide range of beams
- For use with wide-flange H-beams, standard I-beams, or curved track
- 10' hand chain drop standard except for 1/2 GT, custom length lifts available
- Rugged steel side plates feature built-in bumper
- Hardened wheels with lubricated for life, double sealed ball bearings
- Compliance: OSHA, ANSI/ASME B30.11 and B30.17 standards guards

HBC HEAVY-DUTY AND JBC SERIES INDUSTRIAL-DUTY BEAM CLAMPS

- For construction, commercial vertical or horizontal rigging operations
- 1-ton to 5-ton capacities
- Mount hoists or lift beams with portable lightweight clamp
- Adjusts with ease to fit a broad range of wide-flange H or standard I-beams
- Clamp jaw designed to distribute the load away from beam flange edge
- Low headroom with built-in suspension rod
- Proof tested with test certificate
- Complies with ANSI/ASME B30.17 and B30.20 standards

ELECTRIC CHAIN HOISTS

Shown with optional 4-button controller

Shown with optional electric trolley (see page 20)

2 YEAR WARRANTY

FEATURES

- Designed for Commercial and industrial applications
- 1/2 ton to 5 ton capacities, single or three phase models
- Totally enclosed steel plate construction with a durable powder coat finish
- All models standard with slip clutch style overload protection
- Heavy duty ventilated motor with thermal overload protection
- 1 phase models feature thermal overload protection
- 3 phase models feature reverse phase protection
- All models come equipped with chain container
- Reliable DC electro-magnetic brake holds the load even if power is interrupted
- Quick connect wiring for power and push button controls
- Upper and lower limit switches prevent over travel
- Durable 24v push button control station with cable strain relief
- Complies with OSHA, ANSI/ASME B30.16 and HST-1 standards
- Proof tested with test certificate

⚠WARNING

- Always provide an adequate safety factor to handle rated load plus weight of equipment
- Do not use for lifting, supporting, transporting people, or lifting or supporting loads of people
- Before installation read and understand owners manual
- Not for use in an explosive environment

ELECTRIC CHAIN HOISTS

Shown with optional 4-button controller

2 YEAR WARRANTY

FEATURES

- Designed for commercial and industrial applications
- 1/2 ton to 5 ton capacities
- 10', 20' lifts standard. Custom lifts available in 5' increments
- Easy to install, inspect and maintain
- Totally enclosed steel plate construction with a durable powder coat finish
- Gear train features lifetime lubrication, no oil changes required
- Heavy-duty ventilated motor with thermal overload protection
- All models feature thermal overload protection and reverse phase protection
- Equipped with heavy duty chain container
- Reliable DC electromagnetic brake holds the load eve if power is interrupted
- Quick connect wiring for power and push button controls
- Upper and lower limit switches prevent over travel
- Solid state starting switch for reliable operation
- All models standard with slip clutch overload protection
- Durable low voltage 24v push button control station with cable strain relief
- Complies with OSHA, ANSI/ASME B30.16 and HST-1 standards
- Proof tested with test certificate

ET SERIES ELECTRONIC TROLLEYS

ELECTRIC TROLLEYS

Shown with optional 4-button controller

2 YEAR WARRANTY

FEATURES

- Designed to give you single-control convenience
- Available in both 115v/230v 1 phase and 230v/460v 3 phase
- Solenoid-operated traveling brake
- Adjustable to fit various I- beams and wide flange beams
- Must be fitted with a JET 4 button, 24v control
- Durable powder coat finish
- Electric trolley not supplied with 4 push button control
- Power cable supplied by end user. Not for use in explosive environment

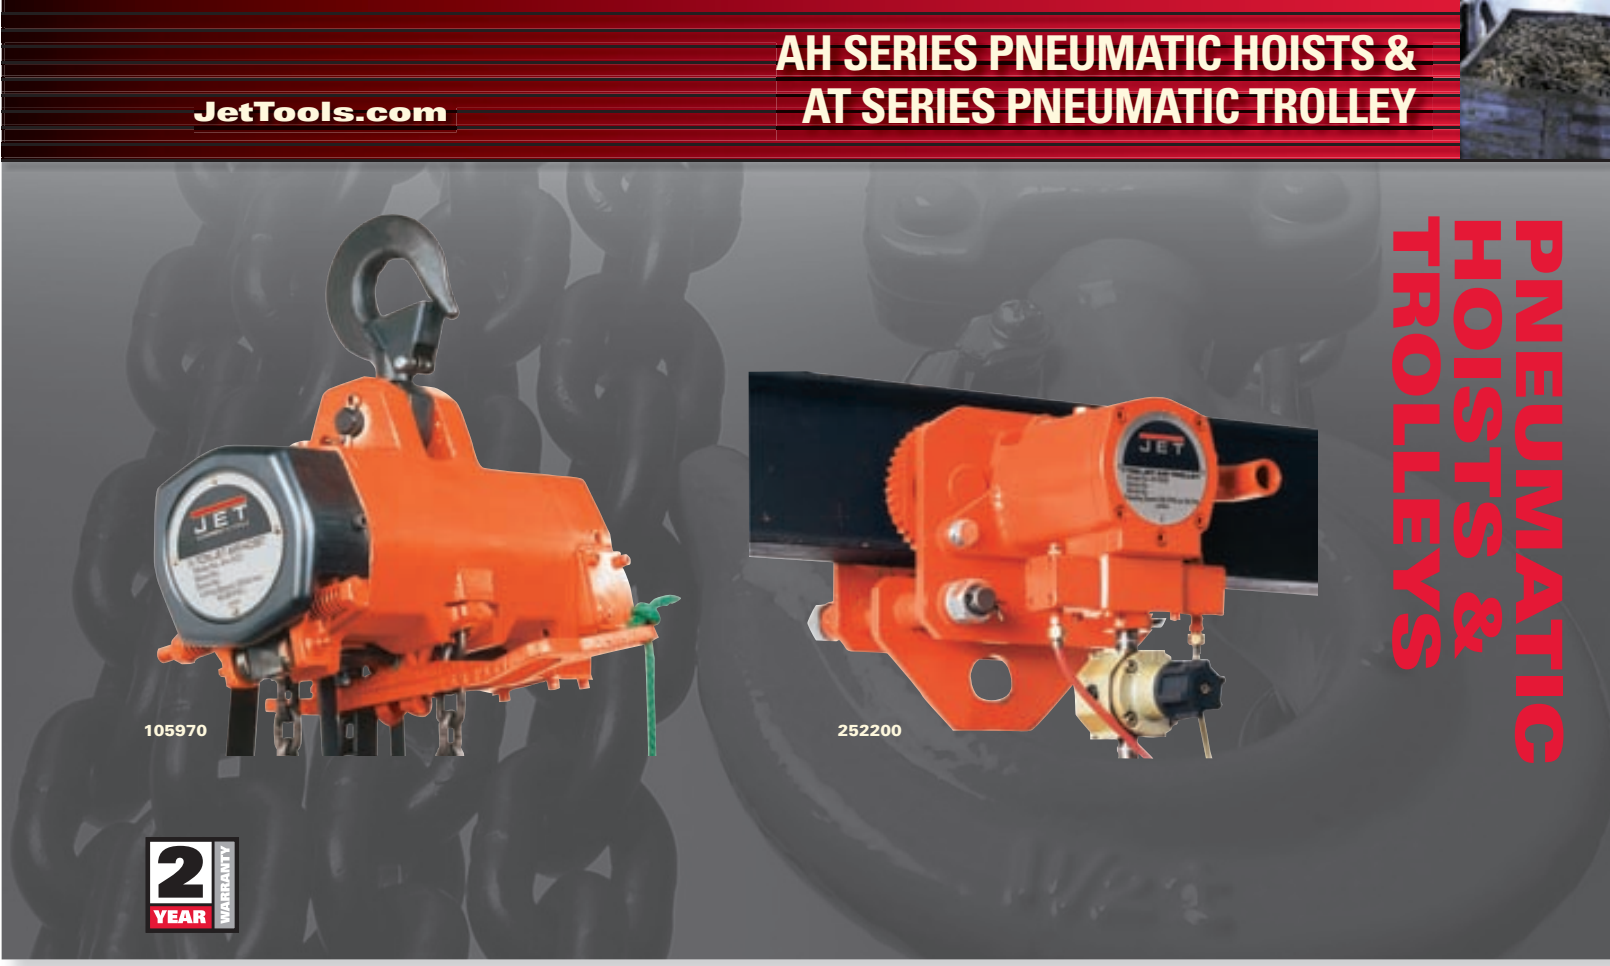
AH SERIES PNEUMATIC HOISTS & AT SERIES PNEUMATIC TROLLEY



AH SERIES PNEUMATIC HOISTS FEATURES

- Designed for commercial applications where air power is preferred
- 1/4-ton to 1-ton capacities 10' and 20' lifts standard, custom length lifts available
- Rugged yet lightweight aluminum construction
- Self-cooling 100% duty-cycle motor will not overheat
- Variable speed pull-cord control for precise load spotting
- Automatic brake system is tail mounted for easy inspection
- Upper and lower limit switches prevent over-travel
- Pendant control option for single-hand operation
- Equipped with heavy-duty chain container
- Proof tested with test certificate
- Compliance: OSHA, ANSI/ASME B30.16 and HST-5 standards

AT SERIES PNEUMATIC TROLLEY FEATURES

- Air trolley comes equipped with 6' pendant control
- Use with air hoists: AH-25C, AH-50C or AH-100C

PUSH BUTTON CONTROLS FEATURES

- Purchased separately, the control cables feature 2, 4 or 6 push button stations
- Correct cable length is determined by the hoist lifting height
- Electric trolleys and control cables feature quick connect plug-in connection assemblies
- 24V wiring in the control unit
- Can be easily installed and retrofitted in the filed without the aid of an electrician or additional equipment
- For ET-C Series electric trolleys

JCP SERIES CABLE, JCH LINESMAN AND JG GRIP PULLERS

JCP SERIES CABLE PULLERS FEATURES

- General purpose cable puller designed to lift, lower, stretch or pull heavy loads
- 1 ton to 4 ton capacities
- Lightweight zinc plated steel construction to resist corrosion
- Double solid cast aluminum ratchet wheel brake system hold load securely in any position
- Concealed spring lever control prevents accidental release
- Drop forged hooks with safety latches standard
- Aircraft quality 3/16" cable
- Snatch block included with JCP-2 and JCP-4 models
- Complies with ANSI/ASME B30.21 standards

WARRANTY AND SERVICE

WMH Tool Group, Inc., warrants every product it sells. If one of our tools needs service or repair, one of our Authorized Service Centers located throughout the United States can give you quick service. In most cases, any of these WMH Tool Group Authorized Service Centers can authorize warranty repair, assist you in obtaining parts, or perform routine maintenance and major repair on your JET® tools. For the name of an Authorized Service Center in your area call 1-800-274-6848.

MORE INFORMATION

WMH Tool Group is consistently adding new products to the line. For complete, up-to-date product information, check with your local WMH Tool Group distributor, or visit jettools.com.

WARRANTY

JET products carry a limited warranty which varies in duration based upon the product.

2 YEAR WARRANTY	5 YEAR WARRANTY
Cable Pullers Hoists - Air Hoists - Electric Trolleys - Air Trolleys - Electric Web Slings	Beam Clamps Chain Hoist - Manual Lever Hoists Pullers - JCH Models Trolleys - Geared Trolleys - Plain Winches - Manual

WHAT IS COVERED?

This warranty covers any defects in workmanship or materials subject to the exceptions stated below. Abrasives and other consummables are excluded from warranty coverage.

WHO IS COVERED?

This warranty covers only the initial purchaser of the product.

WHAT IS THE PERIOD OF COVERAGE?

The general JET warranty lasts for the time period specified in the product literature of each product.

WHAT IS NOT COVERED?

This warranty does not cover defects due directly or indirectly to misuse, abuse, negligence or accidents, normal wear-and-tear, improper repair or alterations, or lack of maintenance.

HOW TO GET SERVICE

The product or part must be returned for examination, postage prepaid, to a location designated by us. For the name of the location nearest you, please call 1-800-274-6848.

You must provide proof of initial purchase date and an explanation of the complaint must accompany the merchandise. If our inspection discloses a defect, we will repair or replace the product, or refund the purchase price, at our option.

We will return the repaired product or replacement at our expense unless it is determined by us that there is no defect, or that the defect resulted from causes not within the scope of our warranty in which case we will, at your direction, dispose of or return the product. In the event you choose to have the product returned, you will be responsible for the shipping and handling costs of the return.

HOW STATE LAW APPLIES

This warranty gives you specific legal rights; you may also have other rights which vary from state to state.

LIMITATIONS ON THIS WARRANTY

WMH TOOL GROUP LIMITS ALL IMPLIED WARRANTIES TO THE PERIOD OF THE LIMITED WARRANTY FOR EACH PRODUCT. EXCEPT AS STATED HEREIN, ANY IMPLIED WARRANTIES OR MERCHANTABILITY AND FITNESS ARE EXCLUDED. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG THE IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

WMH TOOL GROUP SHALL IN NO EVENT BE LIABLE FOR DEATH, INJURIES TO PERSONS OR PROPERTY, OR FOR INCIDENTAL, CONTINGENT, SPECIAL, OR CONSEQUENTIAL DAMAGES ARISING FROM THE USE OF OUR PRODUCTS. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

WMH Tool Group sells through distributors only. The specifications in WMH catalogs are given as general information and are not binding. Members of WMH Tool Group reserve the right to effect at any time, without prior notice, those alterations to parts, fittings, and accessory equipment which they may deem necessary for any reason whatsoever. **JET® branded products are not sold in Canada by WMH Tool Group.**
